Meeting Minutes

- o Welcome& Presentation of participants/Learners from SL, D, AT
 - o Input and detailed introduction of “Second life” possibilities and needs:
Conclusion and findings - hints for the tutors:
 - it will be very important to prepare certain interested places and meeting points (e.g. Octoberfest) in second life, so that he is able to introduce the Second Life platform in a proper and useful way, also if possible to arrange meetings with other Second Life participants he already knows.
 - be aware of calculating about at least half a day of time up to one day, takes time to create figures, ways of walking etc.
 - also give an overview of possible other circumstances people could come across, e.g. flirting, invitation for having sex, also meeting rude people....
 - Seniors give Introduction /Sensibilisation Talk for young tutors how and what they should be aware of by instructing elderly
- Be further aware of:
- lots of worlds are only in Engl.

- sexual invitations
- long time for building up worlds and figures,
- empty worlds
- navigation can be also be done in German
- can lead to isolation if you only communicate in these kind of worlds
- focus on quality of talking issues
- open question “where can be people be conveyed in SL”?
- SL can be a chance for immobility people, or who are shy in communicating in real life
- in opposite of only watching TV people can be active in the interactive world

How can I react on risks?

- Do deal with them but don't emphasise them to much
- Different possibilities of data privacy
- Older people are a bit afraid of pointing out private dates.
- o Working on the Train the Trainer- guideline & Concept of the awareness training for young people – review of our already done check-list at our last meeting in Passau “8.2.2. "Vorbereitungsseminar" der jungen Tutoren” e.g. be patient, be aware of slow talking and explaining, explanation of technical expressions etc.
- o Senior scouts: help to find interesting sites and blogs and help the young tutors to be sensitized
- o Sharing of experiences e.g. planning a Workshop with seniors: very important should be to offer modules e.g. Internet, Facebook, Blog, Foren, Second Life etc. So that participants have the possibilities to choose.
- o Review of work plan – Suggestions and open to do's:
 - concerning the proposal “upload stories” is meant about learning processes e.g. how did you introduce and motivate your grandmother to use the internet etc. and put it on FACEBOOK!!!!
 - we have the buddy system, German material about training model doc: “Struktur/Modelle/Training”, SL will use their version of teaching models
 - Results and outcomes:
 - § country report – AT – will send the collected version to all other partners
 - § Evaluation Form – we have already sent it to all partners = then collect and make a resume
 - § Wolfgang collect the final Evaluation = all feedbacks (No. 6, 8, 9)
 - § Website should include all products of developments – NO NEED TO TRANSLATE IT IN EVERY LANGUAGE!!!!
 - § Exchange of usage possibilities “Guidelines – Document”
 - § JÜRGEN will do a layout of the Learning-Model “Tutoring” in SL, German

- o Arrangement about the final Report: WOLFGANG will send us a word format – formula for filling in all our activities, so that in the end of the project we will collect it and bring all activities together. Furthermore he will send us the Added Value – text from a former project “Intergenerational ICT-Skill” as an example.
- o Agreement on printing flyer version: FÜR JÜRGEN SL – 250 pieces; DE – 500 Offset, freecards: 2000 pieces Text: “Do you want to find out how young people teach elder people social web skills?
